Dated 6th April 2020

Dear Chief Secretary,

In a review with manufacturers regarding the availability of ventilators in each State/UT it was pointed out that several installed ventilators available in the hospitals are non-operational either because of non-maintenance or on account of non-installation.

You would appreciate that ventilators are essential to provide care to critically ill COVID-19 patients. I would request you to:

1. Designate a nodal officer to coordinate with ventilator manufacturers and various hospitals in your State.
2. Advise hospitals to immediately undertake the repair of non-functional ventilators and ensure their availability to ensure readiness to face the peak of the pandemic which we expect in end of May – early June 2020.
3. Advise hospitals to expedite installation/operationalization of available ventilators.

I am enclosing the list of non-functional ventilators with details of corresponding hospitals along with the names of manufacturers and suppliers. Manufacturers have been urged to provide immediate assistance to State governments to ensure timely servicing/installation of ventilators in the States as part of State readiness.

May I request your personal urgent attention to the same.

Warm Regards,

Yours sincerely,

(Amitabh Kant)

To  
All Chief Secretaries of States and UTs.
